

Waves Connecting Radiologic Sciences

Virginia Society of Radiologic Technologists

## STUDENT INTERN PROGRAM

The Virginia Society of Radiologic Technologists announces its student internship program. This program is open to students currently enrolled in educational programs in Radiation Sciences in the state of Virginia.

**The internship program offers students the opportunity to:**

- ◆ Acquaint themselves with the inner workings of a professional organization
- ◆ Network with technologist leaders
- ◆ Understand the responsibilities of VSRT officers and Board Members
- ◆ Learn how educational meetings are structured and presented
- ◆ Network with future employers

**Four students will be selected to participate each year. Those selected will shadow a VSRT Board member at quarterly board meetings and at the annual meeting.**

**To be considered for the program, the student must:**

- Complete the required application form.
- Provide a letter of reference from their educational program director.
- Submit an essay which includes:
  - Why they chose Radiologic Technology for a career.
  - Their career plans after graduation.
  - The role of professional organizations in the technologist's career.
- Be a VSRT Student Member.

**The student intern will:**

- ◆ Attend VSRT Board of Directors meetings with their mentors.
- ◆ Receive free registration at one VSRT One-day Seminar in their region, and attend the VSRT Annual Meeting with their mentor.
- ◆ Be provided lodging for the VSRT Annual Meeting. Student Interns may be required to share rooms.
- ◆ Receive reimbursement of up to \$20.00 per day for meals during the Annual Meeting, consistent with the VSRT Expense Voucher.

**All application materials must be received by the VSRT Student Liaison By February 28, 2008.**

**Send application materials to:**

**Priscilla Liggon, R.T., (R)  
931 Amelon Road  
Madison Heights, VA 24572**
